

Nease PTSO

Strong School, Strong Community

Join us.

Your contribution is important! Strong schools build strong communities. Your Allen D. Nease Parent, Teacher, Student Organization helps support school and staff activities throughout the year. We rely on business contributions and membership fees to fund these events, which are run by volunteers. The school has 150 employees and 2,200 students, and is embarking on a \$10 million renovation. The PTSO's goal is to contribute more funds for technology and to continue our successful staff and student events.

You can make a difference too.
