

NEASE HIGH SCHOOL Parking for 17-18

Parking is a privilege at Nease High School and spots will be assigned through a lottery system after specialty programs are given priority consideration by Administration. To maintain a parking spot, we expect students to maintain above a 2.0 GPA, have good attendance, and follow all school rules. Parking passes may be suspended or revoked, if a student violates the District's Code of Conduct.

Nease will have 638 student parking spaces for 17-18. We will reserve 25 of these spots to auction as fundraisers for different sports/programs. Nease will sell 613 slots at \$100 each to Seniors and Juniors ONLY who will have a valid driver's license by September 1, 2017.

Students can also opt to share a space. Each student would pay \$50 towards the space and the students would have to work it out between them as to who would drive to school and have the tag each day.

Students need to complete the backside of this form and staple a copy of their driver's license or permit, as long as they will have their license by September 1, 2017.

The deadline to submit a completed form with a copy of license attached to Nease's main office is 5pm Friday, April 28th. Priority will NOT be given to how early the form is submitted. NO EXCEPTIONS will be granted for this deadline! If form is incomplete or driver's license is missing, then the student will not be considered for a parking space.

Students will be notified on Friday, May 5th if they have been selected for a parking space. Those selected will have until 5pm Friday, May 12th to pay the \$100 parking fee or their spot will be forfeited and given to the next person on the waiting list.
