

+ POSITIVE + START PROGRAM

SIGN UP BEGINS
May 1st

Math is fun, but it can also be challenging.

The + Positive + Start Program enables students to practice the prerequisite math skills needed to be successful in the mathematics course in which they are enrolled in the next school year.

Completion of the course will likely give students a positive start in math.

It's never too late for a positive start. This program will be available to students through the fall and will end December 31, 2021.

Please visit our [Frequently Asked Questions](#) for important information regarding the program.

The +Positive + Start Program supports the prerequisite skills needed for pre-calculus.

The + Positive + Start Program is a FREE, voluntary, non-credited, unsupported, self-paced review of math skills through Khan Academy. The goal is to give students a boost in the prerequisite math skills needed to be successful in the mathematics course in which the student is enrolled in the 2021-2022 school year. The work is meant to be done independently. Students will not be monitored or supported by an instructor. The + Positive + Start Program is not associated with any state defined mathematics course and the review of math skills is not comprehensive and/or parallel to a state defined mathematics course.

**STUDENTS
SHOULD SIGN
UP FOR THE
COURSE THEY
WILL TAKE IN
THE FALL, 21-22**

PRE-CALCULUS

- Modeling (Algebra 2)
- The unit circle definition of sine, cosine, and tangent (Trigonometry)
- Graphs of trigonometric functions (Trigonometry)
- Trigonometric equations and identities (Trigonometry)

REGISTRATION

1. Go to khanacademy.org/join
2. Enter your class code and press "Add". Class code: **48BQSZQN**
3. If you don't already have an account, press "Create a new account". Enter your date of birth, then sign up using Google, your school email, or by creating a username.
4. Enter your grade and subject. Now you're ready to start learning!
