

IB Chemistry 3 Summer Assignment

Welcome to IB Chemistry-3. We have already started working on our internal assessment. You should have a procedure that has been approved. You need to make sure you have signed up for a day or two that you will come in to run your internal assessment. Your summer assignment is to come in and run the internal assessment. Make sure you know your procedure very well and please bring food for the day. Please email me if you have any questions.

Thank you,
Ms Kilpatrick
