# END OF COURSE EXAMS FOR SENIORS

If you are enrolled in a course that has a state End-of-course (EOC) assessment this spring it is a graduation requirement that students participate in the EOC assessment. The results constitute 30% of the final course grade. It is possible that EOC scores will not be available prior to our planned graduation ceremony. Lack of an EOC score prevents final calculation of the course grade. With all other graduation requirements met, students may walk at graduation but we will hold your diploma until the EOC scores come in and we are able to finalize the grade.
