ACADEMY INFORMATION

Hospitality and Tourism Students Hop on the Old Town Trolley

After finishing their unit on St. Augustine Tourism, students in the Academy of Hospitality & Tourism had the chance to see history come to life, by enjoying a tour on the Old Town Trolley. Winding through the Nation's Oldest City, students recognized multiple historic and tourist destinations they learned about in class, took pictures, enjoyed the St. Augustine tourist experience, and picked up a few new historical facts along the way. A big thank you to Dave Chatterton with Old Town Trolley Tours and Attractions for inviting our Academy students to enjoy this popular tourist attraction for free!

Stellar Academy of Engineering Students Tour Northrop Grumman Facility

Stellar Academy of Engineering Juniors and Seniors joined students from Pedro Menendez and St. Augustine High School to tour the aircraft manufacturing facility at Northrop Grumman. Students were introduced to the range of craftsmen, artisans, and engineers who work together at the facility. They also learned about the paths they can take after graduation if they're interested in working at Northrop Grumman. Students enjoyed touring the manufacturing floor to see planes throughout different build stages, and had the chance to take a picture in front of an E-2D Hawkeye Model.

Student LIFE

Interested in Becoming a Peer Leader for Sources of Strength?

Sources of Strength is a school-based program that exists at each SJCS D high school. It is considered an “upstream prevention program” that works to increase social support and connectedness between students (and trusted adults). The idea is that building up these protective factors builds in prevention to mental health issues, bullying, substance abuse, and suicide.

We just wrapped up a great Sources of Strength Week where we shared information about the program with our Nease community! We are now looking for our next Peer Leaders. If you are interested in joining us to help foster a community where everyone is accepted, supported, and helping those who are struggling and encouraged in help-seeking behavior please fill out the interest form:

<https://forms.office.com/r/0myyUJZWCa>

Thank you to Sources of Strength for their kind and powerful messages!

Fortify Florida

FortifyFL is a website and app developed at the direction of the Florida Legislature. Any student, educator, parent or member of the public can report school safety concerns directly to law enforcement and school administrators anonymously and easily through the FortifyFL app or at <https://getfortifyfl.com/>.

The graphic features a dark blue background. At the top left, there are three small circular icons: a globe, a person, and a document, followed by the text 'FLORIDA DEPARTMENT OF EDUCATION'. In the center, there is a red square icon with a white megaphone. Below this, the text 'FORTIFYFL' is written in large, bold, white capital letters, with 'SUSPICIOUS ACTIVITY REPORTING APP' in smaller white capital letters underneath. Two smartphones are shown: one displaying the app's reporting interface with a keyboard, and another showing a confirmation screen. At the bottom, the text '#FORTIFYFL' and 'GETFORTIFYFL.COM' is displayed in white capital letters.
